

Disability Statement

Single Equality Scheme and Action Plan

BCOM publishes a Single Equality Scheme and Action Plan, which is available to its students and staff via the College intranet, Osteonet.

Each applicant to the British College of Osteopathic Medicine is considered on an individual basis and we welcome applications from students with disabilities.

You can obtain advice from the Admissions team at any stage of the application process.

Email Admissions@bcom.ac.uk

Or Call: 020 7435 6464

All applications to the College will be initially processed, along with all other applications, to see whether the applicant meets the entry requirements. This will be undertaken without reference to disabilities.

Details of a disability or learning difficulty given on UCAS/BCOM Application forms will be highlighted and discussed at the interview stage of the admissions process.

If you have a disability, including dyslexia, we would like to be made aware of this as soon as possible. Your disclosure will be treated in a positive, sensitive and constructive manner and will enable the College to support you in your studies.

The College will endeavour to make all reasonable adjustments in order to support students with a disability during their studies. For further details on students' Fitness to Practise, for osteopathy courses please visit: <http://www.osteopathy.org.uk/news-and-resources/publications/student-fitness-to-practise-guidance/>.
